## Message from the Chief

24 years ago, I joined the Hope Island Fire Department as a volunteer. We were running 80 calls per year with one fire engine and one ambulance. These apparatus were housed in a small 2 bay station next to the Hope Island Inn. It was a great time in my life serving with some very special people like George Llewelyn, Mike Chevalier, Assistant Chief Roy Horn, Chief Miles Johns and a bonified movie star Meg Foster. Roy became the next Chief of the whole district including Summit Park. During those early years I came to know many fine firefighters and EMT's, some who are still serving today, Ted Taylor, Andrew Lester, Aaron Carr, Jamie Jurd and Duane Dent. As the incidents increased, and the volunteers decreased it became obvious that a new system for delivering Fire and EMS services was in order. In 2012, Chief Horn was instrumental in initiating our current 24/7 emergency response system. The idea was to use young career-minded firefighters blended with our volunteers and a duty chief directly responding from the new firehall on Snee-Oosh Road. The result was a 5-minute reduction in response times, better patient outcomes and lower property loss throughout the community. Two years later we started transporting patients, which brought in much-needed revenue.

In 2019 I took over as chief and then Covid hit creating many financial challenges that continue to this day. In 2022, with grant money through the Swinomish, we began the first CARES program in Skagit County. This program helps with the underserved members of the community. With the CARES team, we continue the Good Morning District 13 call in program plus public CPR training and smoke alarm installation. In addition, the CARES team provides back up when we have overlapping medical calls and fires.

Currently our minimum staffing model is a crew of 3 Firefighter/EMT's per call. We have a new tender coming in August to replace our 35 year old tender, but our most critical financial challenge today is the purchase of a new fire engine/pumper to replace our 36-year-old back-up fire engine.

Our call volume has climbed to over 1300 incidents with 300 plus transports per year. District 13 has come a long way from my first years at Hope Island and we all look forward to fulfilling our mission of protecting life and property far into the future.

### Fire District 13 Services:

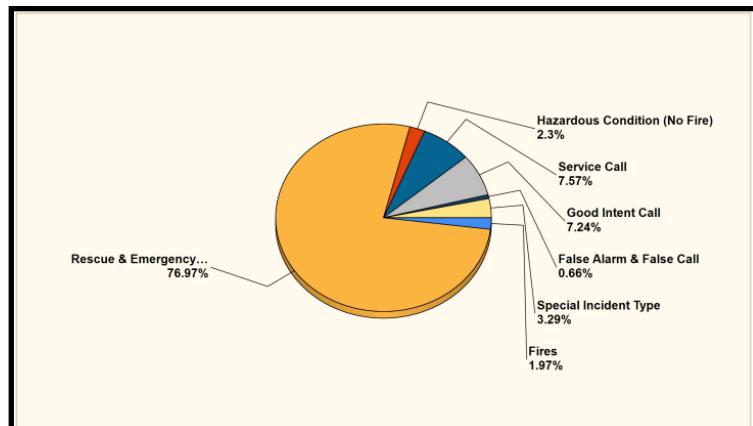

- **24/7 Emergency Response**
- **Good Morning District 13**—A program to help assist someone to live independently. We communicate with you and check on your welfare daily. (Check in days/times can be customized per person).
- **FD13 CARES**—A program to connect people with various resources around the area including mental health and substance abuse, crisis support and vital assessments.
- **Smoke Alarms**—With help from the Red Cross, FD13 can come install smoke alarms in your house for free.
- **CPR/First Aid Classes**—We offer CPR/First Aid training classes.
- **Marine Rescue Program**—We have two boats available for rescue.

If you'd like any information about any of these programs, please contact us at 360-399-1027.

Thanks to the **Marathon Refinery**, we were able to purchase a new compressor for our air refill station which was broken and unfixable due to it's age.

### **Commissioner Shellhamer Message**

Dear District 13 Neighbors and Friends,

In my time serving as pastor, I loved meeting with engaged couples to talk about their wedding, and married life. One of the key areas we talked about was, 'communication'. Good communication has two components; 1) "Assertiveness" – using "I" statements to say what "I want, I need, I feel"; and, B) "Active Listening" – listening with the goal of understanding (not preparing your rebuttal!)

In June, we would like to invite you to "A Conversation With Your Fire District". Our goal is to provide you information about the status of Fire District 13; our current services, equipment, mission and vision; and to listen to you, our community – about your desires and needs that fit within the mission and scope of a local fire department. You'll have an opportunity to meet and talk to some of our people; get up close to some of our equipment; and view informational displays about our current services. And we want to listen to you – and together explore possible solutions as to how we may be able to best respond to your wants and needs.

A supper of hot dogs, hamburgers, salad, dessert and beverages will be provided to hopefully make it convenient for you, your family, neighbors and friends to attend; please invite them!

#### **Dates:**

**Wednesday, June 4<sup>th</sup>, beginning at 6:00 pm at Station 2; 17433 Snee Oosh Road.**

**Wednesday, June 11<sup>th</sup>, at the Shelter Bay clubhouse, hosted by the Shelter Bay Safety Committee. Supper served beginning at 6:00.**

**Wednesday, June 18<sup>th</sup>, beginning at 6:00 pm at Station 1: 8652 Stevenson Road.**

For more information or details, please email or call: [secretary@skagitfire13.net](mailto:secretary@skagitfire13.net) or (360) 466-3339. We look forward to seeing and hearing from you at one of our "Conversations"!
